LIMITED EDITION COLORED VINYL LP WITH FOOTLONG OBI PAD-PRINTED CASSETTE WITH TEN PANEL J-CARD

"Pili Coit is something else. This French combo will shake your rump, or at the very least your fundamental beliefs in music. Shooting back and forth from indie pop, to acoustic campfire songs to ethno dance music to heavy pogo punk, Pili Coit answer to no one but themselves, making music that is free and boundless" - **WEIRDO SHRINE**

On paper, Lyon's **Pili Coit** sound simple enough: **Jessica Martin Maresco** (of Le Grand Sbam) on drums and vocals, plus **Guilhem Meier** (of Poil) on guitar and vocals. On record, armed with an oil can, a floor tom, a synth-drum, and electric and acoustic guitars - **Pili Coit come together.**

"Sparse and often ominous... yet charmingly raw and homespun - and there are a few moments where the vocalists sound like an avant-garde version of The B-52s" - **The ELITE EXTREMOPHILE**

"Acoustic-mathematical expressions that dazzle - take you to the ends of the earth, drop you deep into humid forests, and then levitate you high above caustic, sparkling landscapes. We are speechless" - **SODA POP**

"Pop inflected avant-garde that bubbles over with unruly post-punk energy... - and adventurous, cantankerous layers of noise" - **FECKING BAHAMAS**

"Somewhere between post punk, folk, and indie, but with a lot of strange ideas gluing everything masterfully together" - **EVERYTHING IS NOISE**
